

Deployment License Application

Please complete this form in its entirety. This Deployment License Application allows LEAD to identify the products and licenses you will need to complete and deploy your software project developed with LEADTOOLS. LEAD will process the application and provide you with a firm license fee quotation and necessary license documents.

Section I. Licensee Contact Information

Company Name:

Sales Representative:

Reseller Name:

Developer Contact Information

Name:

Address:

Phone:

Email:

Licensing/Procurement Contact Information

Name:

Address:

Phone:

Email:

Section II. LEADTOOLS Imaging Features to be incorporated into Application (IMPORTANT – please check all that apply, from each category)

Imaging

- Scanning
- Image File Formats (TIFF, JPEG, GIF, etc.)
- Image Processing
- Compression(J2K, LZW etc.)
- Image Display
- HTML5 Viewer

PDF:

- Image (Raster) PDF Load
- Image (Raster) PDF Save
- Text based PDF functionality

1D Barcodes:

- Recognize 1D Barcodes

Print 1D Barcodes

2D Barcodes:

Recognize 2D Barcodes

Print 2D Barcodes

Other:

Document

Annotation/Markup

Document Clean Up

1 Bit Display filters (scale to gray, favor black)

Document Formats (.doc, .xps, .xls, .svg)

1 Bit compression (JBIG, ABIC)

JPIP

Document Viewer

Vector formats (DWF, DWG, DXF)

OCR:

Latin

Asian

Arabic

All Languages

ICR

OMR

Forms Processing/Recognition

Virtual Printer

File converter/Document Writer

HTML5 Viewer

Other:

Medical

DICOM file format/data set

DICOM Communication

PACS Framework

HL7

CCOW

HTML5 Medical Viewer

Medical 3D

Medical Imaging Processing (Windows level, 12-16 gray scale, etc.)

Medical Multimedia (DICOM files with MPEG2/H264 etc.)

Dental Image Viewer

Other:

Multimedia

Basic Capture/Playback

Streaming Formats (H263, H264, H265, MPEG4)

MPEG2 Transport

DVD

DVR

Video Processing and Filtering

Transcoding

Other:

What is/are target OS (select all that apply):

Windows

WinRT

iOS

Android

Linux

Other:

Section III. Development Information

1. How many developers will be developing with the LEAD SDK?

2. The target users of your application will be which of the following:

End Users

Software developers

3. Application name, or a brief description of your project:

Section IV. Deployment Information

Which of the following best describes your software development project?
I am:

- A. Developing software for internal use by employees and contractors of my company only
- B. My company is an ISV/OEM developing software for sale to customers or for use by the public
- C. My company hosts software/services for consumption by customers/vendors (ie. SaaS model)
- D. My company is a contractor doing development for a third party

*If you selected A, please complete **Section A.***

*If you selected B, please complete **Section B.***

*If you selected C, please complete **Section C.***

If you selected D, please complete the section below that best describes your customer's deployment scenario.

A. Internal Deployment

Type of Deployment (check all that apply):

- Single-user PCs
- Mobile Devices
- Server
- Web Server
- Multi-user device (kiosk/scan station)
- Other (please describe)

Quantity of Deployments:

- | | |
|----------------------|--|
| <input type="text"/> | Single-user PC |
| <input type="text"/> | Mobile Device |
| <input type="text"/> | Server |
| <input type="text"/> | Web Server |
| <input type="text"/> | Multi-user device (kiosk/scan station) |
| <input type="text"/> | Other |

If Server deployments, how many total cores across all servers:

Are you purchasing maintenance for your deployment licenses?

Note: Internal deployment licenses are licensed on an annual term and include maintenance. For software to be deployed internally, once the application form has been processed, LEAD will issue License Certificates for the licenses you purchase along with your runtime license file and, if applicable, the server license mechanism. These licenses will need to be renewed on an annual basis until you are no longer using the application.

B. Commercial Deployment

Type of Deployment (check all that apply):

- Single-user PCs
- Mobile Devices
- Server
- Web Server
- Multi-user device (kiosk/scan station)
- Other (please describe)

Quantity of Deployments:

- | | |
|----------------------|----------------|
| <input type="text"/> | Single-user PC |
| <input type="text"/> | Mobile Device |
| <input type="text"/> | Server |
| <input type="text"/> | Web Server |

- Multi-user device (kiosk/scan station)
- Other

If Server deployments, how many total cores across all servers:

If Mobile device, will your application be commercially available via App Store, Windows Store, etc.?

- Yes
- No

Are you purchasing maintenance for your deployment licenses?

- Yes
- No

What is your target retail price for your software?

Note: Commercial deployment licenses are perpetual for the licensed version. For commercial software, LEAD will send you a Commercial Distribution License Agreement for execution once this deployment license application has been processed.

C. Hosted Service Deployment

Business Type:

- ASP
- Service Bureau
- Web Portal
- Other (please describe)

Revenue Model:

- SaaS
- Advertising Revenue
- Per Transaction
- Other (please describe)

Projected number of servers

Total cores across all servers

Projected number of users accessing all servers

Note: Hosted Services are licensed on an annual term and include maintenance. These licenses will need to be renewed on an annual basis until you are no longer using the application.
